

BRIMMA a responsible name in Process Industry

for Engineering Procurement, Erection, Commissioning & Maintenance
(EPC & M)

■ Sales ■ Service ■ Support

We introduce ourself as a reliable and efficient solution provider for **Sugar & Process Industry.**

Our dedicated experts are able to provide complete solutions for Stand by power, Electrical Panels, Electrical & Mechanical Power Transmission equipments etc.

Our efficient project management team will work as a reliable partner throughout the project from Concept, Planning, Procurement, Erection & Commissioning of Project.

Authorised Channel Partner of ABB Drives

BRIMMA Engineering Pvt. Ltd. is Authorized Channel Partner of ABB Drives and Automation products. ABB portfolio covers the complete spectrum of drives. From micro and machinery drives for machine building to industrial drives for controlling processing lines, all the way up to industry specific drives with purpose-designed features and functionality. We offer Drive Solutions for your all need applications from **0.37 KW to 1.2 MW.** We have On site Commissioning, troubleshooting facility and ready in stock VFD Drives as well as Drive Spares.

Retrofit Work:

Hassle free and quick replacement of existing old VCB with new ABB Make special conversion kit.

Designing & Manufacturing of Various Electrical Panels

- VFD Panels
- Power Control Centers (PCC)
- Motor Control Centers (MCC)
- Auto Mains Failure Panels (AMF)
- Automatic Power Factor Correction Panels (APFC)
- Load Sharing And Synchronizing Panels
- ATS Panels
- PLC Panels

Diesel Generator sets

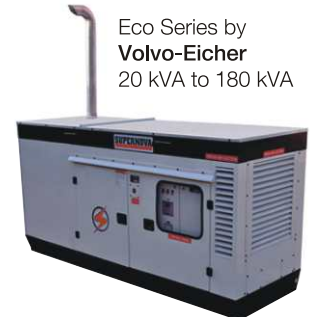

CPCB-II
Compliant

Powered by **Perkins**
500 kVA to 2500 kVA

Powered by **Volvo Penta**
250 kVA to 650 kVA

Eco Series by
Volvo-Eicher
20 kVA to 180 kVA

We are authorized dealers for supernova Diesel Generator sets, one of the leading & proven manufacturer of Diesel Generator sets based in India. SUPERNOVA GENSETS manufacturing process undergoes stringent quality measures and controls, as a result of which we sale a State of the-Art finest GENSETS. The present range rolling off, from their most modern assembly line comprises of fuel efficient, rugged & reliable GENSET ranging 10 kVA to 2250 kVA.

Gear Boxes - Premium Transmission Pvt. Ltd.

Authorised Dealer

PREMIUM
Your addition in transmission

We deal in various ranges of Gear Boxes.

- Helical Gear Boxes • Planetary Gear Boxes • Worm Reducer Gear Boxes
- Geared Motors • Couplings

LT / HT Electrical Motors

ABB **marathon**
Motors

- Std. Squirrel Cage Induction Motors
- IE2 to IE4, SynRM- **ABB** Make
- HT/LT Slip Ring Induction Motors
- **ABB, Marathon**
- Special Motors- **ABB, IEC** Make
- Slip Ring Motor Starters
- ASR, FCMA, LRS, B R Panels etc.

GENERATOR SETS For Rental

Generator Set Hiring Services :

We offer generator sets on rental, **Range 10 kva and above**, and can be used for industrial applications including synchronizing DG sets arrangements ranging from a simple standalone power package **up to a 50 MW temporary power plant.**

We offer for hire a complete range of generator set equipment:

- Diesel generators (DG sets) • Transformers • Cables & distribution boards
- Our technical specialists are available 24x7 to deploy and service generator sets and equipment, monitor performance and to ensure outstanding service.

DG range 10 kva to 1250 kva

We undertake AMC's for

- D.G sets ■ ACB ■ Electrical Panels ■ VFD Panels

Our Esteemed Customers

- More Than**
- 50 Satisfied customers for DG Services
 - 10 Sugar Mills VFD Drive's AMC Customers
 - 5 Export projects
 - 40 Successful Turnkey Projects
